

An interesting and safe path that you can walk more than once.

Also accessible to people with walking difficulties.

You can borrow:

- a wheelchair
- a basket with natural objects and a booklet of familiar songs.

**With advance notice,
a trained companion can
be provided
for people with dementia.**

Experiences along the path:

- experiencing nature through the senses (smell, touch, hearing)
- observing seasonal flowers
- using a basket with natural objects
- creating sounds with natural materials
- singing familiar songs using the provided lyrics
- taking photos to preserve memories

EXPERIENTIAL MEMORY PATH AT ARBORETUM AND BOTANICAL GARDENS VOLČJI POTOK

**For people with
memory difficulties
or signs of dementia,
and those close to them.**

The Memory Path offers:

- enjoyable time in a natural setting
- opportunities to appreciate nature throughout the seasons
- relief from feelings of loneliness
- improved physical and mental well-being
- enriched social interaction through activities that bring generations together

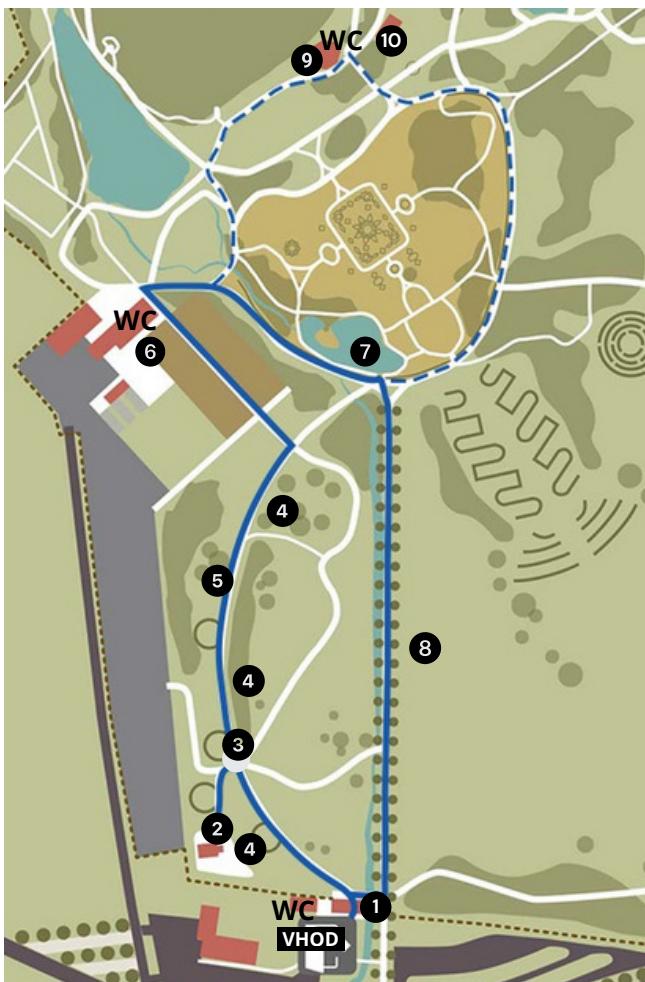

The path is around 1,000 metres long.

It takes about an hour at a slow walking pace.

Points of interest are marked on the small map.

— The Memory Path is 1,000 m long.

— Extension to the gallery and café (+450 m)
